Army Corps of Engineers Summer Internship Employment 2025

Description

The U.S. Army Corps of Engineers is pleased to announce exciting summer internship opportunities for dedicated and aspiring individuals in 2024. As a Summer Intern, you will be an integral part of our team, contributing to meaningful projects and gaining valuable hands-on experience in engineering, environmental science, and related fields.

Responsibilities

- Assist with engineering and construction projects, contributing to planning, design, and implementation.
- Conduct field surveys, data analysis, and technical research.
- Collaborate with multidisciplinary teams on various assignments, including environmental initiatives and infrastructure development.
- Provide support in project management, documentation, and reporting.
- Participate in training sessions, workshops, and site visits.

Qualifications

- Currently enrolled in an accredited undergraduate or graduate program in Engineering, Environmental Science, or a related field.
- Strong academic standing with a focus on civil engineering, environmental engineering, or a relevant discipline.
- Excellent communication and interpersonal skills.
- Ability to work independently and collaboratively within a team.
- U.S. citizenship is required.

Experience

- While prior internship or work experience is advantageous, it is not mandatory.
- Demonstrated interest in engineering, environmental science, or related fields is desirable.

Skills

- Proficiency in engineering software and tools relevant to the position.
- Strong analytical and problem-solving abilities.
- Adaptability and eagerness to learn in a dynamic work environment.
- Knowledge of environmental regulations and practices is a plus.
- Excellent organizational and time-management skills.

Job Benefits

- Gain practical experience working on impactful projects with the U.S. Army Corps of Engineers.
- Networking opportunities with professionals in engineering and
