Bureau of Engraving and Printing Internship Students 2025

Description

Embark on an enriching experience with the Bureau of Engraving and Printing's Internship Program. As an intern, you will have the opportunity to contribute to critical projects, learn from industry experts, and gain valuable insights into the fascinating world of currency production. Join us in shaping the future of our nation's currency and financial security.

Responsibilities

- Assist in various stages of the currency production process, including design, engraving, printing, and quality control.
- Collaborate with experienced professionals on projects related to security features, production efficiency, and technology integration.
- Conduct research, analyze data, and present findings to contribute to process improvements.
- Participate in workshops, training sessions, and site visits to enhance your understanding of currency production.

Qualifications

- Currently enrolled in an undergraduate or graduate program with a focus on fields such as Graphic Design, Engineering, Finance, or a related discipline.
- Strong academic record and a genuine interest in the currency production process.
- Excellent attention to detail and the ability to handle confidential information responsibly.
- Effective communication and teamwork skills.

Experience

- Prior internships or coursework related to graphic design, printing technology, or finance is a plus but not required.

Skills

- Proficiency in design software (e.g., Adobe Creative Suite) for graphic design interns.
- Analytical and problem-solving skills.
- Strong organizational and time management abilities.
- Ability to work collaboratively in a team-oriented environment.

Job Benefits

- Competitive stipend/salary.
- Networking opportunities with professionals in the currency production industry.
- Exposure to cutting-edge technologies and processes.
